- Earn 5% of the fees paid by your users
- Get Paid During The First Week of Month
- Payments done to your Exchange Account
- Available for Binance, KuCoin and Bybit
- Soon for Bitget and BitMEX

The screenshot shows the Binance website's withdrawal interface. On the left, there's a sidebar with options: 'Deposit Crypto', 'Withdraw Crypto' (highlighted), 'Deposit Fiat', and 'Withdraw Fiat'. The main area is titled 'Select coin' and shows 'USDT TetherUS' selected. Below this, the 'Withdraw to' section is active, showing 'Address' as 'Binance user'. There are tabs for 'Email', 'Phone', and 'Binance ID'. A masked input field with '*****' is visible. A note states: 'Payee can find Binance ID under Top-right Avatar - Dashboard.' The 'Withdraw amount' section shows '125.89' with 'USDT MAX' next to it. At the bottom, there's a button labeled 'ProfitTradingApp July Rebate'.

* Rebate only is applied to futures trades for eligible users.
